MEMORANDUM

To: All residents of Big Six Towers
From: Maria Platis, General Manager 
Date: August 9, 2022
Re: UPDATE on Power Outage of August 6, 2022

As you are aware, Big Six Towers suffered a power outage on Saturday night, August 6th. It was determined that the generator for the main engine that supplies power to the entire coop failed. Thus, our main engine is not currently running. This piece is being taken off the property for servicing immediately (this week).

In the meantime, I am urging all residents to please do their part in conserving as much energy as possible so that we don't suffer another complex wide power outage. The Community Room is available as a cooling center for all residents.

In addition, in effort to conserve energy, starting at 7:00 P.M. today, we are shutting down one elevator in each building (the B car that goes to the basement). The laundry rooms will also close at 7:00 P.M. They will remain closed until 8:00 A.M. tomorrow.

We ask that you please conserve energy through the current heat wave. We apologize for the inconvenience this may cause and appreciate your cooperation.

In case of an emergency, please contact Public Safety at: (718) 335-8715.

Thank you!
