Re: **Building 6 – ‘A’ Elevator - 2nd Update**

Dear Shareholders,

As a follow-up to our previous update, we would like to inform you that Nouveau Elevator has been working diligently to restore the A car elevator. The drive machine, which was identified as the source of the issue, is currently at the machine shop undergoing necessary repairs. There have been some delays with some of the manufacturer parts, however we are hopeful that the elevator will be fully operational by the end of next week.

We greatly appreciate your continued patience and understanding as we work to safely and efficiently return the elevator to service.

Thank you once again for your support.

Big Six Towers, Inc.
