MEMORANDUM

To: All Cooperators
From: Management
Date: November 25, 2020
Re: Scheduled Power Outages

Please be advised that the previously communicated upgrades to the Power Plant have been rescheduled to Tuesday, December 1st through Wednesday, December 9th. Please also note that there will now be only one night of planned interruptions to power, heat and hot water.

The interruptions will last no more than 30 minutes at a time and they will occur between the hours of 12 am and 4 am. We ask that you prepare accordingly for this evening of interrupted power and make note of the following date:

Wednesday, December 9th (12 am – 4 am)

Management and Public Safety will be on standby during this planned outage should any shareholder need immediate assistance. The elevators of each building will be powered down and will not be available until power is fully restored.

If there are any shareholders that foresee the need for special help, please contact Tim O'Brien or Jerry Newman, of Public Safety, so that they may accommodate you accordingly.

We apologize for the inconvenience this may cause and appreciate your understanding during this time.
