

Meet the Candidate

I want to thank all my neighbors that voted to elect me to a seat on the Big Six Board of Directors. We face significant challenges and have tough and complex decisions to consider. They are not insurmountable, but it will take persistent dedication to overcome.

As a 22-year BST shareholder and neighbor and a 17-year career in energy efficiency consulting, I bring the experience needed to navigate through NYC climate change ordinances including LL97 compliance and leveraging available financial assistance programs from National Grid, Con Edison, and NYSERDA. My vision to keep BST affordable and safe, includes prioritizing financial stability and fiscal responsibility. I pledge to act in the best interest of shareholders and promote transparency, fostering inclusivity in decision-making. Your support and vote are appreciated.

Your neighbor,

George Zuniga
